

## NEW GREAT TASTING FORMULA

# Spectrum Support Mega-Minerals

*High-intensity multi-mineral supplement,  
Designed for use during chelation, or to replenish  
very low overall mineral levels.*

- High-intensity multi-mineral formula.
- Liquid form for optimal absorption, using amino acid mineral chelates.
- Slippery elm and burdock provide soothing gut and detoxification support.
- New great taste - great for adults or children!
- Designed for sensitive people – low in phenols, hypo-allergenic, no artificial fillers or sweeteners.

SUGGESTED USE: As a dietary supplement, 3 times a day with meals. May mix with water or other beverages.

Dosage by body weight  
50 lbs 2 tsp. each of vitamins and minerals, 3 times a day with meals  
100 lbs 3 tsp. each of vitamins and minerals, 3 times a day with meals  
150 lbs 4 tsp. each of vitamins and minerals, 3 times a day with meals

*(Please see dosage chart for more detailed dosing information)*

Our new formula Mega-Minerals feature amino acid chelate forms of key minerals, for even better mineral absorption, and a much improved taste. We are very excited about these improvements, and we think you will be, too!

Mega-Minerals may be substituted as the "Part B" Mineral component for any of our two-part vitamin and mineral formulas. They are intended for use with chelation programs or to assist in raising low mineral levels.

**Please note that Mega-Minerals are not intended as a calcium supplement.  
If desired, you will need to supplement calcium separately.**

Like all the Spectrum Support formulas, our Mega Minerals utilize scientifically advanced, highly absorbable, and bioavailable forms of key vitamins and minerals in metabolically significant quantities. These nutrients are complemented by astragalus, slippery elm and burdock, providing support for detoxification and intestinal health.

Spectrum Support means far more than just basic nutrition. One of the primary intentions of the Spectrum Support Formulas is to thoroughly support Phase II detoxification pathways, to enhance the glutathione, sulfation, glycine, taurine, gluconoride, acetylation, and methylation conjugation of toxins in the body, assisting the body in its natural ability to detoxify itself.

As always BrainChild Supplements are free of common allergens and contain **no** added sugar, artificial colors, flavors, sweeteners, or sodium benzoate preservative.

## NEW FORMULA

# Spectrum Support Mega-Minerals

Serving Size: 6 teaspoons

---

**Amount per Serving**

---
