SpectrumSupport II™ and SpectrumSupport II with PAK™

Medium intensity neurological, metabolic and digestive support in an ultra-colloidal liquid suspension. Includes Part A - Vitamins available in natural lemon lime, strawberry, or unflavored, and Part B – Minerals available in natural lemon lime or unflavored (strawberry vitamins used with unflavored minerals).

Part A – Vitamins

Spectrum Support II and Spectrum Support II with PAK are our most popular starter formulas. They are medium intensity formulas, and are well tolerated by many children just starting out on supplementation.

PLEASE NOTE: The only difference between the two formulas is the type of vitamin B6 in them. Spectrum Support II is a more potent formula because it contains the active P5P form of vitamin B6.

REFRIGERATE AFTER OPENING. Shake well before each use. Keep neck and cap clean.

SUGGESTED USAGE: As a dietary supplement, three times a day with meals. Please consult dosage chart to determine the proper dosage by body weight before use.
